

Your drawing must include accurate measurements and locations of all structures.

- sheds require a 2' clearance from the edge of the lot
- trailers and decks require a 5' clearance from the edge of the lot
- all structures require a 10' clearance from the front of the lot
- * *NOTE: corner lots require a 10' clearance on all edges that face roads*

LEGEND	
	Edge of Lot
	Trailer & Deck Clearance
	Shed Clearance

Trailers, decks, sheds, and paved driveways may not exceed 50% of the total lot coverage. Contact the office for your lot size.
